

# LENS FLARES VIDEO

Your Photos. Your Life. One Unforgettable DVD.

Dear Bride & Groom,

We film weddings with an artist's eye, working with professional grade cameras and video technology to capture all the special moments you will want to remember and enjoy. We offer both single- and double-camera coverage. We strongly recommend using two cameras for an enhanced cinematic experience.

## *Packages*

We offer two packages: the Lily and the Orchid. Both packages offer five hours of video coverage. The only difference between the two is the number of cameras we will use.

The finished DVD includes the edited presentation of your ceremony and reception (*Feature Presentation*), as well as a *Highlights* video you will want to show everyone! You will receive three DVD copies, and may order as many copies as you would like for \$10 each.

## *Special Touches*

We would like you to consider a product called *Your Love Story*, which gives you camera time to tell in your own words the history of your relationship. Touching interviews, cherished photographs, and beautiful music...all of these come together to tell your love story today and always. *Your Love Story* adds the perfect touch to the ceremony or the reception.

Adding a Photomontage to your package is another special way to share your memories. The *Photomontage* shares photos from life leading up to your marriage. There is no limit to how many photos can be included or how they are arranged, but the price listed (\$79) includes forty pictures.

## *Reserve Lens Flares Video*

To secure Lens Flares Video for your wedding, call to verify availability, then simply fill out and sign the enclosed Videography Services Agreement and mail it to us along with a \$150 **deposit** and your completed **order form**.

Lens Flares Video must receive photographs for the Photomontage thirty days prior to your wedding in order to ensure timely completion.

If there is anything we can do for you or if you have any questions about our services, please contact us and we will be happy to assist you with information and ideas.

Sincerely,

Christopher Apperson
